Item 2.02 Results of Operations and Financial Condition.

On April 15, 2015, TCP International Holdings Ltd. (the "Company") issued a press release announcing its 2014 fourth quarter and full year financial results. The press release also announced that the Company would be holding a conference call on April 16, 2015 to discuss the results included in the press release. A copy of the press release is furnished as Exhibit 99.1 hereto.

The information in this Item 2.02, including Exhibit 99.1, shall not be deemed "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section. Furthermore, the information in this report shall not be deemed incorporated by reference into the filings of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof, except as shall be expressly set forth by separate reference in such filing.

Item 5.02 Departure of Director or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On April 15, 2015, Ellis Yan, the Company's Chief Executive Officer, entered into a Mutual Separation Agreement whereby he will not renew his employment agreement upon its expiration on June 30, 2015. Mr. Yan will remain a Director and continue to serve as Chairman of the Board of Directors. Under the terms of his Mutual Separation Agreement, Mr. Yan will receive severance comprised of continuing salary for three years. In addition, Mr. Yan is entitled to either continuation of medical, dental and health benefit plans or reimbursement of premiums for similar coverage. The Company expects to record severance expense of approximately \$2.1 million in the second quarter of 2015 following Mr. Yan's termination of employment, which will be paid over a 3-year period. A copy of the press release announcing Mr. Yan's departure is filed as Exhibit 99.2 hereto. The foregoing constitutes a summary of the material terms of the Mutual Separation Agreement, a copy of which is filed as Exhibit 10.1 hereto and is incorporated by reference herein.

Forward Looking Statements

Certain statements in the foregoing press releases may constitute forward looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, including those related to the Company's current opinions, expectations, beliefs, plans, objectives, assumptions or projections regarding future events or future results. Forward looking statements in these press releases include, but are not limited to, the Company's expectation regarding its future profitability and the timing and outcome of the Company's executive transition. The Company expressly disclaims any obligation or undertaking to update such forward-looking statements, except as required by law.

TCP Reports 2014 Fourth Quarter and Full Year Financial Results

Aurora, Ohio (April 15, 2015) – TCP International Holdings Ltd. (NYSE: TCPI), a leading global manufacturer and distributor of energy efficient lighting technologies, today announced its 2014 fourth quarter and full year financial results.

Net sales for the fourth quarter of 2014 were \$153.1 million, a 25% increase compared with \$122.9 million in the third quarter of 2014 and a 34% increase compared with \$114.5 million in the fourth quarter of 2013. Net income in the fourth quarter was \$2.1 million, or \$0.07 per diluted share, compared to \$4.5 million, or \$0.16 per diluted share, in the third quarter of 2014 and a loss of \$1.6 million, or \$0.08 per diluted share, in the fourth quarter of 2013. Adjusted earnings per share were \$0.13 for the fourth quarter of 2014, compared to \$0.16 in the third quarter of 2014

Net sales for the full year 2014 were \$489.5 million, a 14% increase compared with \$428.9 million in 2013. Net income for 2014 was \$12.4 million, or \$0.52 per diluted share, compared to \$8.2 million, or \$0.40 per diluted share, in 2013.

“We continued to see solid demand for TCP’s lighting technology in the fourth quarter. We finished the year with strong CFL sales as The Home Depot replenished their inventory levels following our packaging changeover, and we continued to see gains within our LED product portfolio. While the higher CFL sales had an unfavorable impact on margins in the short-term, we remain focused on executing our cost reduction roadmaps to support our profitability and improve our margins moving forward,” said Ellis Yan, TCP’s Chairman and CEO.

Mr. Yan continued, “Strong demand for our products continued into the first two months of 2015, although March sales reflected our decision to delay shipment for some products. As previously announced, we have completed testing on substantially all of our fastest moving SKUs, and with quality and safety affirmed and shipments resumed, sales trends are returning to more normalized levels. We have been very pleased with the support we are receiving from customers and remain confident in the business and TCP’s competitive position.”

Fourth Quarter 2014 Summary

Following is a summary of certain key financial measures for the fourth quarter of 2014:

- Net sales were \$153.1 million, an increase of \$30.2 million, or 25%, from the third quarter of 2014 and an increase of \$38.6 million, or 34%, from the fourth quarter of 2013.

- LED sales were \$54.9 million, an increase of \$1.6 million, or 3%, from the third quarter of 2014 and an increase of \$20.1 million, or 58%, from the fourth quarter of 2013, driven by increased sales in the commercial and industrial, or C&I, channel and with Walmart in the retail channel.
- CFL sales were \$90.5 million, an increase of \$30.9 million, or 52% from the third quarter of 2014 and \$17.8 million, or 24%, from the fourth quarter of 2013, primarily due to the replenishment of CFL inventories by The Home Depot.
- Gross margin was 17.7%, down from 21.7% in the third quarter of 2014 and 18.1% in the fourth quarter of 2013, due to an increase in retail CFL sales and a \$4.5 million charge for the write-down of Connected by TCPTM inventory.
- Selling, general and administrative expenses were \$21.1 million, an increase of \$1.7 million from the third quarter of 2014 and \$3.8 million from the fourth quarter of 2013, primarily due to share-based compensation expenses associated with restricted share units granted in connection with our IPO and an increase in marketing costs.
- Net income was \$2.1 million, a decrease from \$4.5 million in the third quarter of 2014, and an increase from a loss of \$1.6 million in the fourth quarter of 2013. Diluted net income per share was \$0.07, a decrease from diluted net income per share of \$0.16 in the third quarter of 2014.
- Adjusted EPS was \$0.13, compared to \$0.16 in the third quarter of 2014.

At December 31, 2014, cash and cash equivalents were \$31.4 million, down from \$60.4 million at September 30, 2014, as a result of debt repayments of \$34.0 million during the fourth quarter. Combined short-term loans and long-term debt was \$80.2 million at December 31, 2014, down from \$113.9 million at September 30, 2014.

Full Year 2014 Summary

Following is a summary of certain key financial measures for the full year of 2014:

- Net sales were \$489.5 million, an increase of \$60.6 million, or 14%, from \$428.9 million in 2013.
- LED sales were \$190.6 million, an increase of \$83.5 million, or 78%, from \$107.1 million in 2013 attributable to our continued focus on this product line within our C&I channel and with Walmart in the United States and Canada, as well as retail customers in Asia and EMEA.

- CFL sales were \$268.9 million, a decrease of \$20.4 million, or 7%, from \$289.3 million in 2013. The decline was led by reduced sales to OEM customers and lower CFL sales to The Home Depot.
- Gross margin was 21.2%, roughly flat from 21.5% in 2013. The favorable shift in product mix to LED products was offset by increased provisions for excess and obsolete inventory and a stronger Chinese yuan.
- Selling, general and administrative expenses were \$77.8 million, an increase of \$13.5 million from \$64.3 million in 2013. This increase was primarily due to payroll increases and share-based compensation expense.
- Net income was \$12.4 million, an increase of \$4.2 million from \$8.2 million in 2013.
- Adjusted EPS was \$0.57, compared to \$0.70 in 2013.

Conference Call and Webcast Information

The Company will host a conference call on Thursday, April 16, 2015, at 8:00 a.m. Eastern Time. The call will be available, live, to interested parties by dialing 888-211-0193. For international callers, please dial 913-312-0951. The Conference ID number is 2111529. A live webcast will also be available in the Investors Relations section of the TCP website at: <http://investors.tcpi.com>. A replay of the webcast will be available through the Investor Relations section of the Company's web site approximately two hours after the conclusion of the call and remain available for approximately 30 calendar days.

Non-GAAP Adjusted EBITDA and Adjusted EPS

We present the non-GAAP financial measures "Adjusted EBITDA" and "Adjusted EPS" as supplemental measures of our performance. These non-GAAP financial measures are not measures of financial performance or liquidity calculated in accordance with accounting principles generally accepted in the United States, referred to herein as U.S. GAAP, and should be viewed as a supplement to, not a substitute for, our results of operations and balance sheet information presented on the basis of U.S. GAAP.

We define EBITDA as net income (loss) before interest expense, income taxes, depreciation and amortization, and Adjusted EBITDA as EBITDA before net foreign exchange (gains) losses, litigation settlements, share-based compensation expense and other nonrecurring items.

We define Adjusted EPS as net income (loss) per share, diluted, from continuing operations excluding net foreign exchange (gains) losses, litigation settlements, share-based compensation expense and other nonrecurring items.

Adjusted EBITDA and Adjusted EPS are not necessarily comparable to similarly titled measures reported by other companies. Adjusted EBITDA may exclude certain financial information that some may consider important in evaluating our financial performance. Adjusted EBITDA and Adjusted EPS may not be indicative of historical operating results, and we do not intend for either of them to be predictive of future results of operations. We believe that our use of Adjusted EBITDA and Adjusted EPS as metrics assists our board, management and investors in comparing our operating performance on a consistent basis. Factors in this determination include removing the impact of our capital structure (specifically interest expense, net), asset base (specifically depreciation and amortization) and tax

structure, as well as certain items that affect inter-period comparability, such as variability due to unrealized foreign exchange (gains) losses, litigation settlements, non-cash share-based compensation expense and other nonrecurring items, which affect results in a given period or periods.

About TCP

TCP is a leading global manufacturer and distributor of energy efficient lighting technologies. TCP's extensive product offerings include LED and CFL lamps and fixtures, internet-based lighting control solutions and other energy efficient lighting products. TCP has the largest combined number of LED and CFL ENERGY STAR® compliant lighting products. TCP's products are currently offered through thousands of retail and C&I distributors. Since TCP's inception, it has sold more than one billion energy efficient lighting products. For more information, visit <http://www.tcpi.com>.

Forward Looking Statements

Certain statements in this release may constitute "forward-looking" statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 based on management's current opinions, expectations, beliefs, plans, objectives, assumptions or projections regarding future events or future results. Forward looking statements in this press release include, but are not limited to, the Company's expectation regarding its future profitability. These forward-looking statements are only predictions, not historical fact, and involve certain risks and uncertainties, as well as assumptions. Actual results, levels of activity, performance, achievements and events could differ materially from those stated, anticipated or implied by such forward-looking statements. While TCP believes that its assumptions are reasonable, it is very difficult to predict the impact of known factors, and, of course, it is impossible to anticipate all factors that could affect actual results. There are a number of risks and uncertainties that could cause actual results to differ materially from forward-looking statements made herein. Such forward-looking statements are made only as of the date of this release. TCP expressly disclaims any obligation or undertaking to release any updates or revisions to any forward-looking statements contained herein to reflect any change in its expectations with regard thereto or changes in events, conditions or circumstances on which any statement is based.

TCP ANNOUNCES LEADERSHIP TRANSITION

Board Initiates Search for New CEO

AURORA, Ohio, April 15, 2015 - TCP International Holdings Ltd. (NYSE: TCPI) (“TCP” or “the Company”) today announced that Ellis Yan has decided not to renew his employment agreement as Chief Executive Officer as of the expiration of his contract on June 30, 2015. To help ensure a smooth transition, Mr. Yan will continue to serve as Chairman of the TCP Board of Directors and has agreed to be available, as requested, to consult with the new Chief Executive Officer following that appointment. The Nominating and Governance Committee of the TCP Board has begun a search process to identify the next Chief Executive Officer.

Steven Willensky, an independent member of the TCP Board and Chair of its Nominating and Governance Committee, said, “We appreciate the contributions that Ellis made as the founder of TCP. His guidance and the hard work of our dedicated team have enabled TCP to become a leading global manufacturer and distributor of energy efficient lighting technologies. As Chairman and one of the Company’s largest shareholders, Ellis’s insight and expertise will continue to benefit TCP.”

Mr. Yan said, “I am proud to have led TCP and am confident the TCP management team will continue driving the Company’s growth and success. While this was a difficult decision for me personally, it is the right decision for the Company and its shareholders. TCP has numerous operating and financial strengths, including a leading product portfolio, a cost efficient manufacturing footprint and more than 7,000 talented employees. With this foundation in place, TCP is well positioned to advance to the next generation of leadership. I look forward to continuing to serve the Company as a board member and Chairman.”

Mr. Willensky continued, “Our search for the Company’s next CEO will focus on individuals who have proven records of leadership and operational experience suited to TCP’s business and the continued execution of TCP’s strategic objectives.”

The Company will host a conference call Thursday, April 16, 2015, at 8:00 a.m. Eastern Time to discuss this leadership transition as well as its 2014 fourth quarter and full year financial results, separately announced today.

About TCP

TCP is a leading global manufacturer and distributor of energy efficient lighting technologies. TCP’s extensive product offerings include LED and CFL lamps and fixtures, internet-based lighting control solutions and other energy efficient lighting products. TCP has the largest combined number of LED and CFL ENERGY STAR® compliant lighting products, and is a proud ENERGY STAR® partner of the U.S. Environmental Protection Agency. TCP’s products are currently offered through thousands of retail and C&I distributors. Since TCP’s inception, it has sold more than one billion energy efficient lighting products.
